

Frequently Asked Questions

- 1. What is the Official FiberTite Product Name**
 - a. FTR-601 ECO
- 2. How is FTR-601 ECO different than other 601 adhesive?**
 - a. FTR-601 ECO is pressurized canister set, an alternative to box or drum containers. Pressurized canisters are self-contained and do not require additional equipment or power.
 - b. FTR-601 ECO comes in sets - Part A and Part B. The components are mixed in the dispensing tip during application to create a controlled chemical reaction for a quick setup and cure time.
- 3. What is the benefit of FTR-601 ECO:**
 - a. A dual-use canister adhesive for both fleece-back membrane, insulation and coverboard application
 - b. Canisters are ideal for use on small to mid-size roofs and roofs with lots of penetration and obstacles, where large dispensing equipment and carts can be difficult to manage.
- 4. What is the application?**
 - a. Spatter application for fleece-back membrane
 - b. Ribbon application for insulation and coverboard
- 5. What is the coverage rate?**
 - a. Ribbon application [ISO] = up to 35 SQS/set [based on 12" on center]
 - b. Spatter application [Fleeceback] = up to 24 SQS/set
- 6. Is it for both membrane and Insulation?**
 - a. Membrane [Fleeceback]
 - b. Approved for insulation and coverboard attachment
- 7. How does the cure profile compare to other FTR-601?**
 - a. Very similar to FTR-601 PG. FTR-601 ECO offers quick & easy application and sets in minutes
- 8. Is there a limitation?**
 - a. Do not apply to wet surface
 - b. Temperatures below 40-degree F.
- 9. What is the proper storage?**
 - a. Store FTR-601 ECO between 60°F to 90°F (16°C to 32°C).
 - b. Do not store in direct sunlight or above 95°F (35°C).
- 10. What is the proper temperature before using FTR-601 ECO?**
 - a. Bring the temperature to approximately 70°F (21°C) for approximately 24 hours before use.

- b. Do not use materials if the temperature is below 40°F (including surface temperature).
11. Canister
- 12. What is the shelf life for FTR-601 ECO**
- a. 12 months from the date of production
- 13. Do we have FM approval?**
- a. Yes. However, we are still waiting for approval to populate in Roofnav. Approvals will be equivalent to those with FTR-601 PG
- 14. Is it in Roofnav as an FM Approved Product?**
- Waiting on RoofNav to populate
- 15. What is the list price?**
- a. \$1100
